CVWarehouse has always grown in line with the trends and requirements of the HR world.

RECRUITING MADE SIMPLE

An Applicant Tracking System (ATS) is a powerful tool that enables companies to manage applications and candidates efficiently. It helps companies to save time (and money) and allows their recruiters to focus on what matters most: recruiting the best talent.

PUBLISH YOUR JOBS

- Publish on your own website / intranet
- Publish on CVWarehouse's free job board
- Publish in multiple languages
- Share your jobs on social media (Facebook, linkedin, twitter...)
- Use your own twitter feed to promote your jobs
- Use a very short fill in form
- Use a modular fill in form (adaptable per job)

CAREER PAGE INTEGRATION

- Use a free customizable jobsite
- Use a free customizable iframe to list your jobs
- Set up job alerts for candidates on your own jobsite
- Use multiple brands (jobsites) to attract candidates
- Develop your own jobsite with an API key
- Extra API key
- Special access for Marketing & Communication users (without access to private data)

PUT YOUR JOBS ON EXTERNAL JOB BOARDS

- Use CVWarehouse's twitter feed to promote your jobs
- Publish your jobs on LinkedIn
- Integrate with external job boards
- Publish on free job boards

MANAGE YOUR CANDIDATES

- Manage all your application & candidates
- Manually add candidates yourself
- Mail all your candidates
- Customize your template layout to send e-mails to candidates
- Process candidates in bulk (change their status, add a comment...)
- Define your own recruitment flow
- Send meetings requests
- Create your own talent pools
- Search for candidates based on keywords, filtered questions,...
- Forward or share CVs and documents internally
- Personalize your own database grids
- Add extra screening questions

MEASURE YOUR RECRUITMENT

- Create your dashboard
- Use free standard reports
- Measure the success of external job boards
- Integrate google analytics in your custom jobsite
- Create a customized report

- Link the same candidate to various jobs
- Link duplicate candidates to each other
- Allow candidates to share your jobs on their social networks
- Invite extra candidates to apply for your jobs
- Put candidates on 'off limits'
- CV parsing: add candidates to your database by forwarding their CVs to a special mail box
- Invite colleagues to interview and rate candidates through a mobile interview or rating app
- Invite colleagues to interview candidates based on competences and skills
- Use multiple databases to manage your applications

GENERAL INFO

- Chat & e-mail support
- Multi-language use of the ATS
- Import candidates in your ATS
- Link with other HR tools
- Company SMTP mail servers integration
- Single Sign-On (SSO) Integration
